ABOUT THE OPPORTUNITY
Due to rising demand for the District’s services, the District recently created this additional (third) Field Supervisor position. Applications are now being accepted until the closing date shown above.

THE POSITION
Reporting to the Assistant Manager, the successful candidate will lead a team comprised of Vector Control Technicians and fulfill various other duties. For more information on job specifications, duties, minimum qualifications, and other requirements, please see the Field Supervisor Job Description. The employment list established from this position will remain active for one year and may be used to fill future vacancies for this position classification.

COMPENSATION
A four-step salary scale applies. Information on applicable employee benefits is available on the District’s website under: About the District > Employment.

ELIGIBILITY
For minimum qualifications, physical demands and essential functions, see the official job description. In addition to relevant technical knowledge and skills the ideal candidate will possess strong skills in staff supervision and development, written and oral communication, public relations, judgment and decision making, collaborative teamwork and budgeting.

The successful candidate will also possess strong organizational abilities in addition to good interpersonal and team management skills. A track record of increasingly responsible work experience and technical knowledge in the field of mosquito and vector control work is necessary. In order to apply for this vacancy, applicants must hold the current certifications and/or licenses for this position.

TO APPLY
